INDEPENDENT AUDITORS' REPORT

To the Board of Directors County of Otsego Industrial Development Agency 189 Main Street, Suite 500 Oneonta, New York

Report on the Financial Statements

We have audited the accompanying financial statements of the County of Otsego Industrial Development Agency ("COIDA"), a component unit of Otsego County, New York, which comprise the combined statement of net position as of December 31, 2019, and the related combined statements of revenues, expenditures and changes in net position and cash flows for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to COIDA's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of COIDA's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of COIDA as of December 31, 2019 and the respective changes in financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on Pages 4 – 10 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, and historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audits of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on Pages 23 – 24 are presented for purposes of additional analysis and is not a required part of the financial statements. The supplemental information on Pages 25 – 27 are presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information that is required by the Office of New York State Comptroller. Such information is the responsibility of management and derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 26, 2020 on our consideration of COIDA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of COIDA's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering COIDA's internal control over financial reporting and compliance.

Other Reporting Required by New York State Public Authorities Law

In accordance with New York State Public Authorities Law, we have also issued our report dated March 26, 2020 on our consideration of COIDA's compliance with Section 2925 of New York State Public Authorities Law. The purpose of that report is to determine whether COIDA obtained and managed its investments in compliance with its own policies and relevant sections of the New York State Public Authorities Law.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As the financial management of the County of Otsego Industrial Development Agency ("COIDA"), we offer readers of these financial statements this narrative overview and analysis of the financial activities for COIDA for the fiscal year ended December 31, 2019. This discussion and analysis is designed to assist the reader in focusing on the significant financial issues and activities and to identify any significant changes in financial position. COIDA encourages its readers to consider the information presented here in conjunction with the financial statements taken as a whole.

Budget

COIDA budgets its operating income and expenses each year. COIDA's primary source of income is generated through lease payments on buildings it owns at 18 Stadium Circle and in the Oneonta Business Park, interest income on loans and fees for services including sale/leaseback agreements.

Expenses for COIDA comprise mostly of general agency operations including development of and maintenance for the Oneonta Business Park, professional service fees, staff and leased office space.

Overview of the Financial Statements

This discussion and analysis accompanies COIDA's financial statements, including notes to the financial statements and the reports on internal control and compliance to help the reader better understand the financials.

Financial Statements

COIDA's financial statements provide readers with a comprehensive reporting of COIDA's 2019 transactions and balances. The difference between the assets and liabilities are reported as net position. Increases or decreases in net position are an indicator of strengthened or weakened financial position.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Financial Analysis

The operating loss for COIDA was \$(155,552) for fiscal year 2019, compared to \$(77,415) for the fiscal year 2018. This represents a decrease in revenues of \$53,822 and an increase in expenses of \$24,315.

The decrease in operating revenues was mostly attributable to:

- Decrease in interest income on notes of \$3,694;
- Increase in rental income of \$16,383; related to the sublease of office space;
- Decrease in economic development support of \$78,488;
- Decrease in other income of \$4,116; and
- Increase in fee revenue of \$16.093.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The increase in operating expenses was mostly attributable to:

- Decrease in grants and program expenses of \$5,000;
- Increase in rental expense of \$5,350;
- Decrease in pilot payments of \$3,293;
- Increase in professional fees of \$6,001;
- Increase in marketing expense of \$3,485;
- Decrease in travel, seminar and training of \$2,003;
- Decrease in depreciation expenses of \$2,876;
- Increase in membership dues and subscriptions of \$3,786;
- Increase in maintenance of WNSC fields of \$4,435;
- Increase in payroll and payroll related expenses of \$16,782;
- Decrease in repairs and maintenance of \$718; and
- Decrease in other expenses of \$1,634.

At the close of fiscal year 2019, COIDA had net position of \$4,841,796, a decrease of \$162,994 from the prior year. The term "net position" refers to the difference between assets and liabilities.

COIDA's primary objective is to provide assistance to existing businesses, expansions and business startups with professional assistance, tax incentives, educational programs and access to capital for the purposes of creating jobs and economic development activity within Otsego County. The loan funds are comprised of investments dedicated to this purpose and matching funds from COIDA's accumulated working capital. The revolving loan fund in COIDA's statement of net position is a major asset. For COIDA's loan funds, the financial statements, net of allowance show a net decrease of \$83,641 from \$154,797 at year-end 2018 to \$71,156 at year-end 2019.

COIDA's current major capital assets are the former Wright National Soccer Campus property, the Oneonta Business Park in Oneonta, and property in Richfield Springs for a future industrial park. These projects are concurrent with COIDA's objectives of encouraging economic development in Otsego County.

ACCOMPLISHMENTS

Activities and Major Projects

Board and Compliance

COIDA's Board, Audit and Finance Committee, and Project Committee all continued to meet on a monthly basis to address COIDA's governance and projects, its financials and loan portfolio. Staff prepared and submitted COIDA's Procurement, Investment and Annual Report on time to the ABO, and prepared and submitted its 2020 budget to the ABO in October 2019. Staff continued to meet individually with COIDA loan clients particularly those with delinquent loans and was successful in obtaining payments from clients who had not serviced their loans for several years. COIDA's loan portfolio has become healthier as a result. During 2018, COIDA's board gained members Andrew Marietta and saw the retirement of long-serving members Devin Morgan and Sarah Poole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Staff Changes

During 2017, the Chief Executive Office, the Chief Operating Officer and support staff, for a variety of reasons and career decisions, all left employment of the Agency by mid-2017. The Board of Directors hired Valletta Ritson and Company to do a nationwide search for a new chief executive officer during the summer of 2017; at the end of the search, a new CEO was hired and started in late September 2017. A new administrative director was hired in December 2017. Since that time, there has been no turnover in staff.

Real Property

COIDA's 40-plus "shovel-ready", developable acres in the Oneonta Business Park continues to be marketed aggressively by staff. A potential halal meat processing facility has expressed interest in building a manufacturing facility on property owned by the IDA. In addition, COIDA's vacant spec building, also in the Oneonta Business Park, which was occupied by Siemens Medical for 20 years, was leased in early 2017 by Hale Transportation. IOXUS renewed their lease from the IDA the building which formerly housed the Soccer Hall of Fame, and the IDA finalized a new five-year use agreement with the Oneonta Soccer Club to provide limitless access to the high-quality soccer fields on the property, for their use for training, tournaments and events. In addition, the IDA subleased part of its office space at 189 Main Street to the County of Otsego Chamber of Commerce, Southern Tier 8 (a regional planning agency) and the Center for Agriculture, Development and Entrepreneurship (CADE) and in 2019 a satellite office for Congressman Delgado.

Oneonta Rail Yards

During 2019, the final generic environmental impact statement was accepted by the City of Oneonta. During the past year, the IDA in conjunction with the City of Oneonta and the County Highway Department re-surfaced Roundhouse Road – the entranceway into the new industrial park site.

Workforce Development

In 2019, the Workforce Development Center (the "Center") continued its focus to conduct training programs being carried out by the NYS Small Business Development Center, the Otsego County Chamber of Commerce, SUNY Broome, the NYS Department of Labor and the Center for Agriculture, Development and Entrepreneurship (CADE) using the IDA's facilities and the IDA computers and other equipment.

Grants

The COIDA is administering the following grants:

- \$500,000 in capital grants to continue to move the Oneonta Rail Yards project forward;
- \$250,000 grant from the NYS Dormitory Authority towards a public wifi "hotspot" initiative for the Village of Cooperstown.
- \$30,000 ESD Capital Grant for the expansion of Steiner's Meat Facility
- \$750,000 Community Development Block Grant (CDBG) to the Town of Oneonta for the expansion of Custom Electronics and the creation of 50 new manufacturing jobs.
- \$100,000 CDBG awarded to the Village of Cooperstown for the Cooperstown Distillery expansion.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Other Grant Submissions

The COIDA also worked on securing a \$200,000 ESD Capital Grant for the Catskill Packing Company as well as a \$350,000 grant for infrastructure improvements for the Richfield Spring Eco-Business Park.

Corning

COIDA was successful in negotiating a payment-in-lieu-of-tax agreement with Corning for the solar array installation a 664.5kW DC; 490 kW AC system to be built at their Oneonta facility. The array will produce approximately 806,000 kwh annually.

One Stop Business Center

The COIDA concluded discussions with the Otsego County Chamber of Commerce to move its operations into the COIDA offices. In addition, Southern Tier 8 Regional Planning Agency and the Center for Agriculture, Development and Entrepreneurism (CADE) also took up space at the COIDA offices. This cooperative venture would allow the COIDA, the Chamber and the NYS Small Business Development Center, CADE and Southern Tier 8 to function as a cohesive unit enhancing the services provided to businesses of all sectors.

Economic Factors

2019 continued to be a difficult economic environment, on the global, national and local level. Locally, most businesses are not growing, whether by circumstance or by choice and the population is stagnant or declining, making growth all the more challenging. Furthermore, with an average unemployment rate of 4.1%, existing businesses in all industries are having a difficult time filing job vacancies in Otsego County. Commercial lending continued to lag, hampering the access to capital many businesses need for growth and stability. Another factor in New York State is the lack of available natural gas supply and electricity.

However, throughout the year, COIDA continued to reach out to existing businesses for growth opportunities and to identify business retention cases. Agribusiness and growth in the downtown Oneonta, Richfield Springs and Cooperstown areas continue to be of significant focus for economic activity during the year, as do redevelopment of the Oneonta rail yards and the Market Street area of Oneonta in general. Further, Otsego County hopes to take advantage, in the coming years, of the nanotechnology sectors growing rapidly to our east in Albany and to our west in Utica/Rome.

At the close of 2019, our goals remain in conjunction with Governor Cuomo's Regional Economic Development Councils and the commitment to develop and participate in regional strategic plans, to work to attract private investment and well-paying jobs, and to build a pipeline for targeted economic development initiatives.

NOTES TO THE FINANCIAL STATEMENTS

Year Ended December 31, 2019

NOTE 1 ORGANIZATION

The County of Otsego Industrial Development Agency (COIDA) was organized May 1, 1973 by the Otsego County Legislature under the authority of General Municipal Law, Section 856.1A of the State of New York. COIDA is a component unit of Otsego County, New York, based on the criteria set forth in Governmental Accounting Standards Board (GASB) Statements No. 14 and 39 and as amended by GASB Statement No. 61. COIDA was established to provide professional assistance, educational programs and loans for existing business expansions, business startups in Otsego County to encourage plant modernization, to create job opportunities and promote commerce and industry.

The accompanying combined financial statements include assets, liabilities and net position, and the financial activities of COIDA, a component unit of Otsego County, and its component unit, Oneonta Rail Yards Local Development Corporation.

The financial reporting entity includes organizations, functions, and activities over which appointed officials exercise oversight responsibility. Oversight responsibility is determined on the basis of financial interdependency, selection of governing agency, designation of management, ability to significantly influence operations, and accountability for fiscal matters.

The financial reporting entity consists of (a) the primary entity which is COIDA, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary entity is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete as set forth in GASB Statement No. 14 as amended by GASB Statement No. 39. The decision to include a potential unit in COIDA's reporting entity is based on several criteria set forth in GASB Statement Nos. 14 and 39, as amended by GASB Statement No. 61, including legal standing, fiscal dependency, and financial accountability.

In order to retain the ability to issue tax exempt revenue bonds to fund projects for nonprofit organizations, Otsego County formed the Otsego County Capital Resource Corporation (OCCRC) in 2008. OCCRC is a New York State Corporation organized under NYS Not-for-Profit Corporation Law and Otsego County is the sole member of the corporation. OCCRC is a separate legal entity, its governing board is made up of COIDA's officers and directors and the two entities share common management and staff. However, it does not meet the requirements of GASB to be considered a component unit of COIDA.

In 2017, the County of Otsego formed the Oneonta Rail Yards Local Development Corporation (ORYLDC) to induce investment and industry in Otsego County. ORYLDC is a Not-for Profit Local Development Corporation formed under Sections 402 and 1411 of the Not-for Profit Corporation Law of the State of New York. COIDA is the sole member of the corporation. While ORYLDC is a separate legal entity, its governing board is made up of the COIDA's officers and directors and the two entities share common management and staff. As such, ORYLDC is presented as a component unit of COIDA in the accompanying financial statements.

NOTES TO THE FINANCIAL STATEMENTS

Year Ended December 31, 2019

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of COIDA have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing COIDA's accounting and financial reporting principles. Significant accounting policies are:

Combined Financial Statement Presentation

The combined financial statements include the accounts of COIDA and ORYLDC. All significant intercompany balances and transactions have been eliminated in the accompanying consolidated financial statements. These combined financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Measurement Focus and Basis of Accounting

The financial statements of COIDA are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which COIDA gives or receives value without directly receiving or giving equal value in exchange, include grants. Revenues from grants are recognized in the fiscal year in which all eligibility requirements have been satisfied. COIDA is engaged only in business-type activities as defined in GASB Statement No. 34. COIDA applies all applicable GASB pronouncements, as well, as Financial Accounting Standards Board's (FASB) Accounting Standards Codification unless these standards conflict with or contradict GASB pronouncements.

Accounts Receivable

Accounts receivables are reported at their net realizable value. Generally accepted accounting principles require the establishment of an allowance for doubtful accounts. No allowance for uncollectible accounts receivable has been provided since management believes that such an allowance is not necessary.

Notes Receivable

Notes receivable are shown net of the allowance for uncollectible accounts in accordance with U.S. GAAP. Receivables for loans and mortgages are reviewed periodically by management to update the allowance for uncollectible amounts. These provisions are estimated based on an analysis of the aging of the receivable and any other factors known by management.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments, purchased with a maturity of three months or less.

NOTES TO THE FINANCIAL STATEMENTS

Year Ended December 31, 2019

NOTE 2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (Cont'd.)

Capital Assets

COIDA uses the accounting policy of capitalizing all capital assets at cost in excess of \$2,000 with an estimated useful life in excess of one year. Depreciation of buildings and improvements are provided for over the estimated useful life, ranging from ten to forty years, of the respective assets, on a straightline basis.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the report period. Actual results could differ from those estimates.

Revenues and Expenses Classifications

COIDA distinguishes operating revenues and expenses from non-operating items in its financial statements. Operating revenues and expenses generally result from providing services in connection with COIDA's principal on-going operations. COIDA's operating expenses include project program costs and related administration expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Unearned Revenues

Unearned revenues arise when potential revenues do not meet both the measurable and available criteria for recognition in the current period. Unearned revenues also arise when resources are available by COIDA before it has legal claim to them, as when grant monies are received prior to incurring qualifying expenses. In subsequent periods, when both recognition criteria are met, or when COIDA has legal claim to resources, the liability for unearned revenue is removed and revenues are recognized.

Prepaid Expenses

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses.

Income Taxes

COIDA is a quasi-governmental organization. COIDA is not subject to federal or state income taxes, nor is it required to file federal and state income tax returns, therefore, no provisions for income taxes is reflected in these financial statements.

Accounting Pronouncements

During the fiscal year ended December 31, 2019, COIDA had implemented Government Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. The primary objective of Statement No. 84 is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how these activities should be reported.

It also implemented Statement No. 90, *Majority Equity Interest* an amendment of GASB Statement Nos. 14 and 61. The primary objectives of this statement is to improve consistency in the measurement and comparability of the financial statement presentation of majority equity interests in legally separate organizations and to improve the relevance of financial statement information for certain component units.

COIDA has evaluated the provisions of GASB Statement No. 83, Certain Asset Retirement Obligations and Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowing and Direct Placement, which became effective for the fiscal year ended December 31, 2019, and determined that they have no significant impact on COIDA's financial statements. The following are GASB Statements that have been issued recently and are currently being evaluated by COIDA, for their potential impact in future years:

- Statement No. 87, Leases, which will be effective for the year ending December 31, 2020;
- Statement No. 89, Accounting for Interest Cost Incurred Before the End of a Construction Period, which will be effective for the year ending December 31, 2020;

NOTE 10 OUTSTANDING CIVIC FACILITY REVENUE BONDS

Structured similar to industrial revenue bonds, civic facility bonds are tax-exempt bonds issued for projects undertaken by not-for-profit "civic facilities" owned or occupied by not-for-profit corporations organized and existing under the laws of or authorized to conduct activities in New York State. COIDA is no longer able to provide civic facility revenue bond financing since Section 854 of the NYS General Municipal Law expired. OCCRC will now facilitate for issuance of civil facility revenue bonds for eligible organizations throughout Otsego County.

NOTE 11 OUTSTANDING INDUSTRIAL REVENUE BOND AND NOTE TRANSACTIONS

Certain industrial development revenue bonds and notes issued by COIDA are secured by property that is leased to companies and is retired by lease payments. The bonds and notes are not obligations of COIDA or the State of New York. COIDA does not record the assets or liabilities resulting from completed bond and note issued in its accounts, since its primary function is to arrange the financing between the borrowing companies and the bond and note holders, and funds arising therefrom are controlled by trustees or banks acting as fiscal agents. For providing this service, COIDA receives bond administration fees from the borrowing companies. This administrative fee income is recognized immediately upon issuance of bonds and notes. Since its inception, COIDA has issued various bonds and notes under these and similar arrangements.

NOTE 12 FINANCIAL INSTRUMENTS WITH CONCENTRATION OF CREDIT RISK

Cash and Cash Equivalents

State statutes govern COIDA's investment policies. In addition, COIDA has its own written investment policy. COIDA monies must be deposited in FDIC insured commercial banks or trust companies located within New York State. The treasurer is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury and New York State or its localities.

Collateral is required for demand deposits and certificates of deposit not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations to the United States and its agencies and obligations of New York State and its municipalities and school districts.

COIDA had no uncollaterized cash as of December 31, 2019.

Notes Receivable

Notes receivable consists of numerous notes with businesses in Otsego County. COIDA has collateralized its interest in these notes by retaining the reversionary rights to the property or by acquiring additional liens and mortgages on the property.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors County of Otsego Industrial Development Agency 189 Main Street, Suite 500 Oneonta, New York

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of County of Otsego Industrial Development Agency ("COIDA") which comprise the statements of net position and the related statements of revenues, expenditures and changes in net position and cash flows as of and for the year then ended December 31, 2019, and the related notes to the financial statements, and have issued our report thereon dated March 26, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered COIDA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of COIDA's internal control. Accordingly, we do not express an opinion on the effectiveness of COIDA's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of COIDA's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether COIDA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of finding and response as item 2019 – 1.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of COIDA's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering COIDA's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHEDULE OF FINDING AND RESPONSE

Year Ended December 31, 2019

2019 – 1 Investment Record Keeping and Reporting

Condition: COIDA has not recorded interest income on the certificate of deposit with

Community Bank for several years. This year the interest earned was more significant. The year-end balance for this account was adjusted by \$6,171. The amount included \$4,006 of interest for 2019 and the balance was unrecorded interest

from prior years.

Criteria: COIDA should comply with its investment policy and investment guidelines

provided by the Office of the State Comptroller. Adequate accounts and records should be maintained which accurately reflect all transactions for its investment

accounts.

Effect: Unrecorded transactions can lead to inaccurate investment reporting.

Recommendations: We recommend that COIDA keep prior records for all investments and all earnings

be recorded to reflect an accurate balance of the investment account at least annually.

Management

Response: The general ledger balance in the future will be adjusted to reflect the interest earned

on this account.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH INVESTMENT GUIDELINES FOR PUBLIC AUTHORITIES

To the Board of Directors County of Otsego Industrial Development Agency 189 Main Street, Suite 500 Oneonta, New York

We have examined the County of Otsego Industrial Development Agency ("COIDA") compliance with the New York State Comptroller's Investment Guidelines for Pubic Authorities and Section 2925 of the New York State Public Authorities Law (collectively, the "Investment Guidelines") for the year ended December 31, 2019. Management of COIDA is responsible for COIDA's compliance with the specified requirements. Our responsibility is to express an opinion on COIDA's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether COIDA complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether COIDA complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, except for finding 2019 - 1, COIDA has complied with all the material respects, with the aforementioned requirement, for the year ended December 31, 2019.

This report is intended solely for the information and use of the Board of Directors, management and others within COIDA and the New York State Authorities Budget Office, and is not intended to be and should not be used by anyone other than these specified parties.
